SAFETY PRECAUTIONS:

Wear suitable protective clothing (coveralls) and suitable protective gloves when handling the concentrate or contaminated surfaces. Wear safety glasses and body protection garments. Wash hands and/or face before breaks and at the end of the shift. Do not eat drink, or smoke when handling this product. Prevent spray drift onto other crops, grazing, rivers and dams.

LEAK AND SPILLS:

Use personal protective clothing. Avoid contact with the skin, eyes and clothing. Do not breathe vapour/spray. Do not discharge into the subsoil/soil. Do not discharge into drains/surface waters/groundwater. For small amounts: Pick up with suitable absorbent material (e.g. sand, sawdust, general-purpose binder, Kieselguhr). For large amounts: Dike spillage. Pump off product. Collect waste in suitable containers, which can be labeled and sealed. Clean contaminated floors and objects thoroughly with water and detergents, observing environmental regulations. Dispose of absorbed material in accordance with national regulations.

STORAGE:

Keep away from food, drink and animal feeding stuffs. Keep out of reach of children. Store in original container tightly closed, in a safe place. Keep away from heat. Protect from direct sunlight. Protect from temperatures above: 40 °C. Changes in the properties of the product may occur if substance/product is stored above indicated temperature for extended periods of time.

WASTE DISPOSAL:

Triple rinse empty containers, puncture holes, dispose off in accordance with National legislation and regulations. Do not use empty container for any other purpose.

ENVIRONMENTAL PROTECTION:

Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Do not contaminate water ways. Highly toxic to bees. Do not spray while bees are actively foraging.

FIRST AID MEASURES:

General advice: Avoid contact with the skin, eyes and clothing. Take off immediately all contaminated clothing. If difficulties occur in breathing, obtain medical attention. Show container, label and /or safety data sheet to physician. If Inhaled: Keep person calm, remove to fresh air, and seek medical attention. Eye contact: Immediately wash affected eyes for at least 15 minutes under running water, with eyelids open. Consult an eye specialist. Skin contact: After contact with skin, wash immediately with plenty of water and soap. If irritation develops, seek medical attention. Ingestion: Rinse mouth immediately and then drink plenty of water, seek medical at-

tention. Do not induce vomiting unless instructed by a poison control center or doctor.

TOXICOLOGICAL INFORMATION:

Signs and Symptoms of poisoning: May cause sensitization by skin contact. Poisoning antidote: No specific antidote. Treat symptomatically.

Note to physician:

Treatment: Treat according to symptoms (decontamination, vital functions), no known specific antidote.

In case of poisoning call Toll Free number 0800720021 / 0800730030 (24 Hrs)

TAKE PATIENT TO DOCTOR
